

Release Notes

Model: HS-4000's LCD Monitor

Aug.07, 2023

Firmware

Version: V17

File Name: HS-4000's LCD Monitor Firmware Update_V17

Issues

1. Reduced thePGM and MultiView switching time (about 3 seconds faster than V16).
2. When the VOL is adjusted to 0, it will equal to MUTE ON and no audio output is available.
3. Removed the function that when pressing the "UP" button, the input select OSD will be shown.
